DOUBLE DEGREE JENA-TRENTO

Double Degree Master's Programm in cooperation with the Universitá degli Studi di Trento

Join the 2-year master program offered in cooperation with the University of Trento (Italy) and the Friedrich Schiller University of Jena. Students from Trento and from Jena studying economics have the opportunity to be awarded with a double degree.

After graduation, the University of Trento will award its title "Master of Science in Behavioural and Applied Economics (BEA)" and the Friedrich Schiller University will award its title "Master of Science in Economics (M.Sc. Economics) ".

The first academic year is spent at the home university and the second one at the partner institution.

Candidates who are enrolled in the M.Sc. Economics in Jena and who are interested in the double degree master's program with Trento can apply by April 14 each year.

Candidates would usually apply after they had completed the first semester of the M.Sc. Economics in Jena. Successful candidates are nominated to the Universitá degli Studi di Trento, allowing them to apply there.

The progam coordinator in Jena is Prof. Dr Oliver Kirchkamp.

In Short:

- enrolled in **Master of Science in Economics**
- **2-year** double degree master program
- at least **B2 Level of English**
- apply by **April 14th**
